

Abstract

A method of covering a flower pot with an oversized sleeve. The sleeve has an inner diameter which is greater than the maximum diameter of a pot disposed therein. The sleeve may have a detachable upper portion, a skirt portion, with a linear or non-linear upper end, or with or without gussets in the lower end or sides. In the method the sleeve is secured about the pot by a crimping a portion of the sleeve having a bonding material thereon, or using a securing element.
